VOLUME 36

story (stó' ri) n. — an account of experience or explanation of something.

We have a story to tell. It is a story of our daily school activities — activities which possess the vital qualities that give William Campbell High School its character.

Ours is a story of:

G rowth: Developing character and individuality

E xploration: identifying potentialities

N urturing: enriching life through learning and community involvement

E xtra-curricular activities: learning the value of teamwork

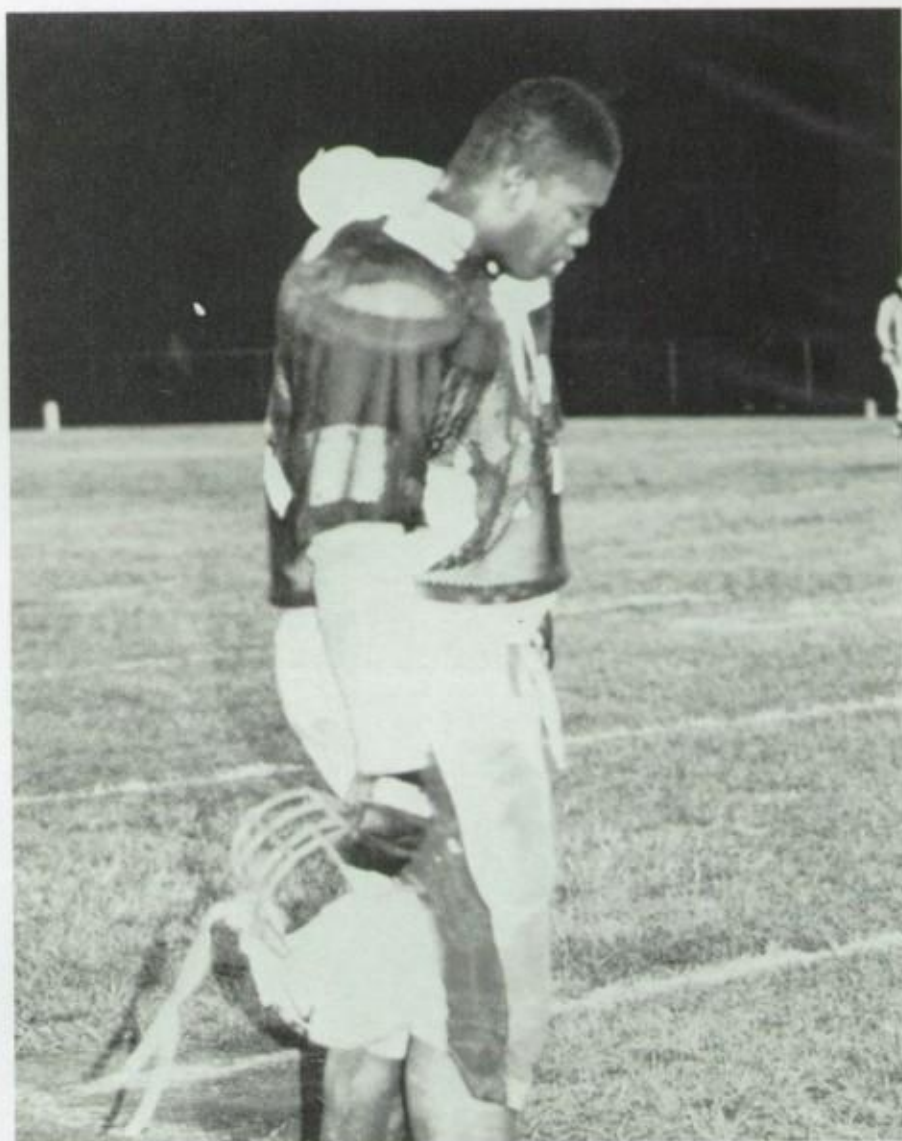

R elaxation: enjoying special times shared with friends

A chievement: maximizing potentialities

L ove: clinging to happy memories shared throughout the years

These stories evoke memories of joy and fulfillment. With pride we dedicate our 1987 GENERAL to the students and faculty who have lived the story.

Alone in a crowd. STEAM rolls from the body of Randy Lovelace as he tries to deal with a disappointing loss to Laurel Park during the post season play.

A happy moment is shared by friends before going to lunch.

A picture of concentration, Michelle Neighbors is totally engrossed in a science test.

I'm so hurt! Wanda Hubbard takes advantage of an opportunity to show her dramatic abilities.

Students in Mrs. Penozza's class are trying to complete their assignment before the bell rings.

Brandy and Nicki Hunt show the wide eyed innocence of children during the Halloween Contest.

Wow, this is fun! The newly formed Pep Club was a real asset to school spirit.

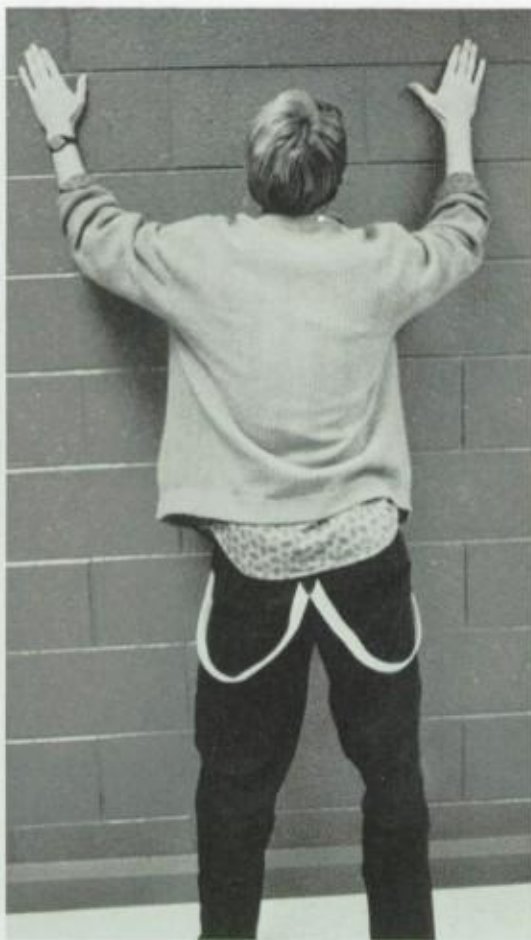

Rhonda Tanner and Sharnette Monroe are practicing hard to become assets to the band's woodwind section.

The Story Begins

"Old Glory" and the Virginia flag fly proudly over our new stadium.

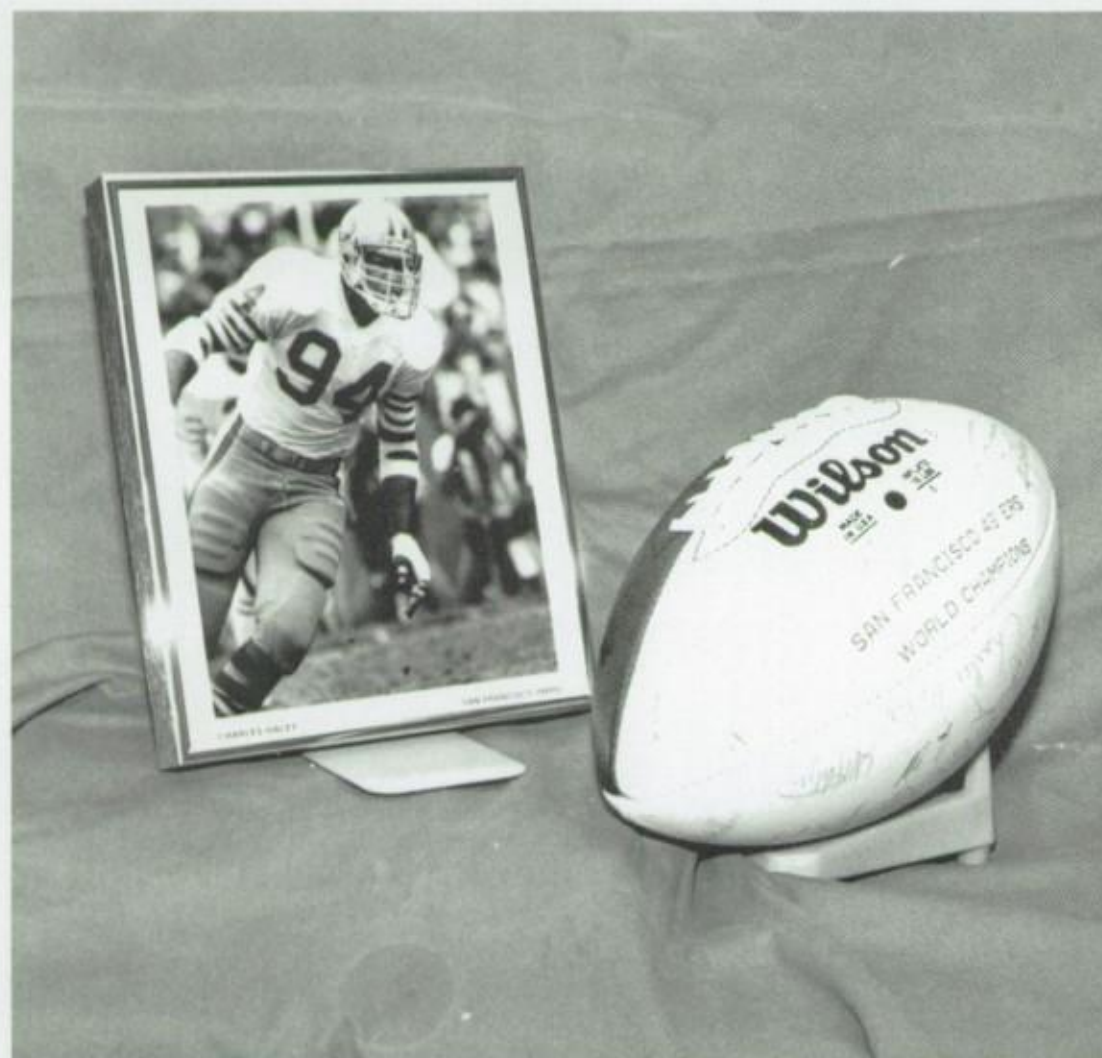

A hold up? No, we just want to see if Scott's suspenders serve a useful purpose.

Coach Karl Koenig gives C.H. Jones driving tips on the Generals' cart.

New student Clint DeBrular seems to have found a friend in Ben Bradley.

49'ers Charles Haley, an ex-William Campbell star, and a football autographed by his 49'er teammates helped to keep our spirits high.

Fancy shoe lacing is a part of the 1986-87 fashion story at W.C.

...Involvement

Approximately 359 students assemble at William Campbell High School each day for the purpose of learning. Each of these people is a unique person with individual abilities, interests, and talents.

No one class or experience will make a difference; yet, it is from the collective learning experiences and involvement that the story of what we will become is written.

At W.C.H.S. we are involved. We

work, play, love, quarrel, cry, and laugh together. We weather storms and bask in the sunshine because we are young and resilient.

Many of the friends we make at W.C.H.S. will remain with us for life. As we grow older, these friends and our experiences during high school will stand out from other memories. We shall think about "our story" and say that those were the best years of our lives.

Seniors show their spirit as they get involved in one of our few pep rallies.

"A Night to Remember" at the Prom

The 1986 Prom was truly a "Night to Remember." It was held at the Radisson Hotel in Lynchburg on May 9, 1986.

The Junior Class worked very hard selling magazines to raise enough money to rent the facility, cater food, and provide music.

As the juniors and seniors began to arrive it was soon apparent that our students would be second to none in appearance. The girls were all decked out in their long, fairy tale dresses, and the guys looked ever so "spiffy" in their tuxedos.

As the night passed, the excitement began to build as to who would be selected as members of the royal court to reign over the festivities. After what seemed an eternity, it was announced that Jamey Mason and Tracey Hughes would reign as our king and queen. Rusty Guthrie and Jennifer Stevens would be prince and princess.

The fairy tale evening ended all too soon as midnight approached and the Cinderellas and Prince Charmings went into hiding until next year.

Prom King Jamey Mason and his Queen Tracey Hughes

Prince and princess of the prom, Rusty Guthrie and Jennifer Stevens.

"Joe Cool" is laid back! Chris Johnson looks like he is enjoying the prom.

Lisa DeJarnette, Chris Thurman, Christy Dickerson, and Dale Clowdis are "getting down" to the music.

Needed!! Friends . . .

When Liz Howard, Lisa DeJarnette, and Angie Eades hear about Bonnie Thurman's wild weekend, the senior lounge becomes filled with laughter.

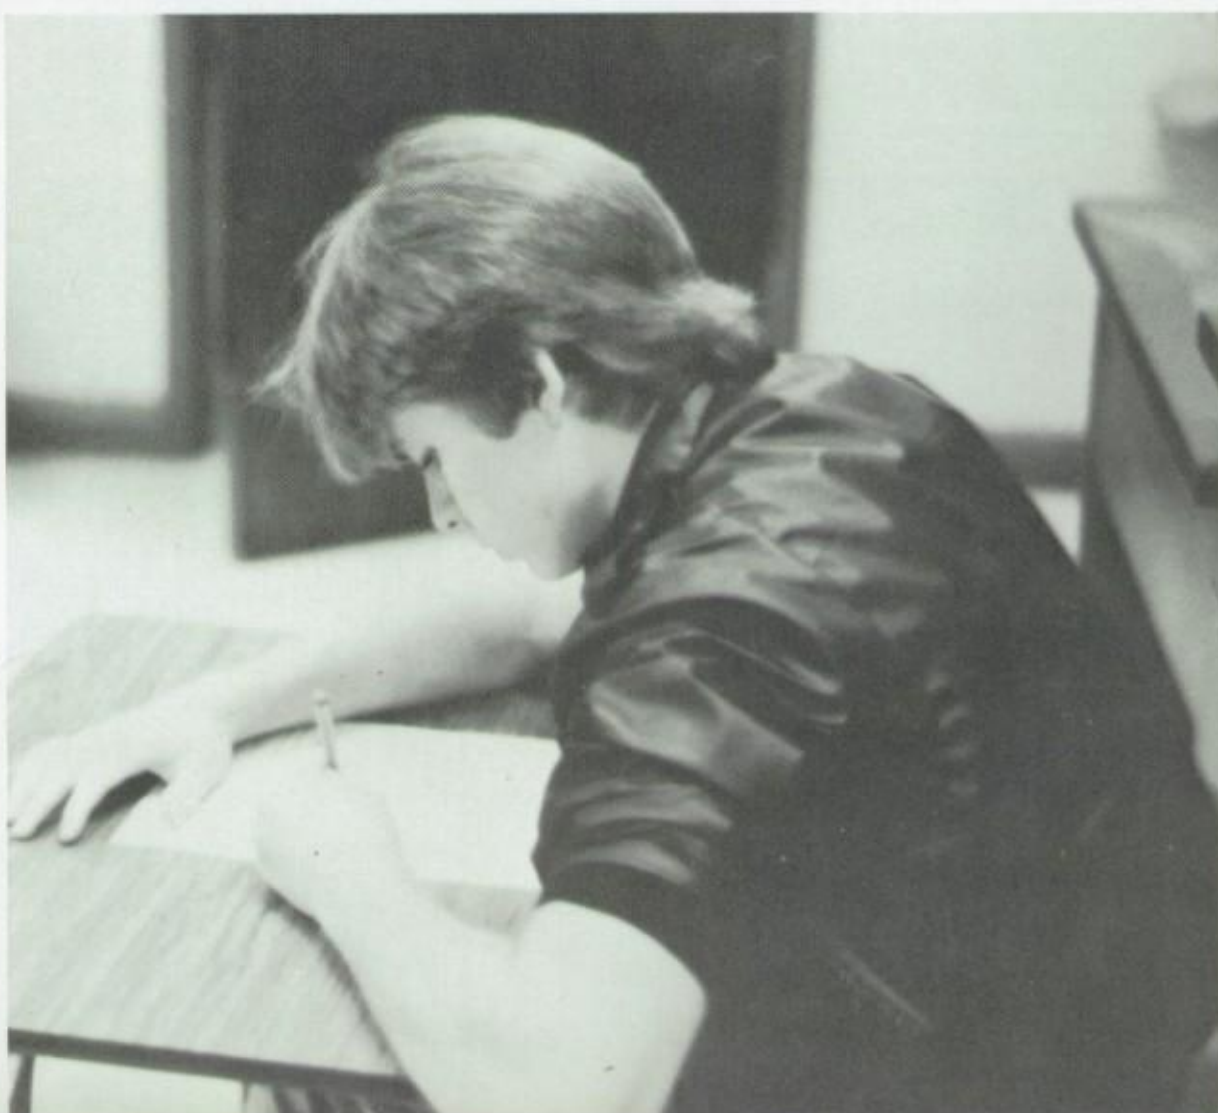

W.B. Bass, Tracey Foster, and Dabney Phelps enjoy a "tailgate picnic" before the Rustburg game. Whitney Hunt seems to be enjoying the "teen" talk.

One fringe benefit of Pep Club membership is getting out of class to hang posters. Tracey Clark, Charles Riley, Matt Tibbs, and Beth Monroe think it's a good deal.

Kevin Carr will need a friend to console him if he bombs his test.

Friends are needed. They are needed every day to share our laughter and, if necessary, wipe your tears. When you think of friends, you think of fun chitter-chatter, running through the mall like a bunch of chickens with their heads cut off, and of course, partying.

When you think of classes, you think of boring lectures, fingers stiffened from notetaking, and lots of homework. Like any school, some classes at William Campbell can be boring; but, with a little help from your friends, things can lighten up quite a bit. Cutting up with your friends may not be the BEST reason for going to class, but it is A reason and sometimes it helps.

Great Achievement Pays Off

There are many activities for those students who excel in their academic areas. Some of these are Girls' and Boys' State, the Central Virginia Magnet School, and the Hopwood Scholarship Summer Program.

Girls' State and Boys' State took place during the week of June 15-21, 1986. Girls' State was held at Longwood College in Farmville, Virginia, while Boys' State was held at Lynchburg College in Lynchburg, Virginia.

While attending Girls' State and Boys' State, the representatives got a firsthand lesson on governmental procedures and had the opportunity to meet with state and local officials such as Governor Gerald Baliles and Lt. Governor Doug Wilder. The participants were involved in governmental exercises, registering to vote, attending Congressional meetings, and conventions.

The involvement in Girls' State and Boys' State was an experience that will always be remembered. It is a memory of rising early, marching in lines, spirit chants, and forming new friendships. It is learning about our society and making adjustments.

The Magnet School of Central Virginia is one of four designed by the Governor of Virginia stressing special educational opportunities for students with high ability and interest in science and technology. The school provides gifted high school students with experiences designed to encourage this interest and develop research skills related to science and technology through investigation and research.

Yet another opportunity is the Hopwood Summer Program. Any rising senior ranking in the top twenty of his/her class is eligible for the Hopwood Scholarship Program. A student takes a course of interest for one week at Lynchburg College. If the student is successful in that course, he or she earns one college credit. The most outstanding students participating are awarded Hopwood Scholarships in the amount of \$2,600 which can be applied toward full-time student tuition at Lynchburg College. This scholarship is renewable each year for the student provided that a GPA of 2.7 and fulltime status is maintained.

Michelle Kindley is catching up on a special assignment for the Magnet School.

Christy Dickerson and Gina Williams found that being a Magnet School participant opened doors to travel opportunities. Here they sit on the wall of the 1968 Olympic Stadium.

Representatives for Girls' and Boys' State were Ann Callahan, Janet Logan, Robbie Landsberger, and Darryl Whitesell. Ann, Robbie, and Darryl also attended the Hopwood summer program along with Dale Clowdis and Michelle Kindley who are not pictured.

FINALLY . . .

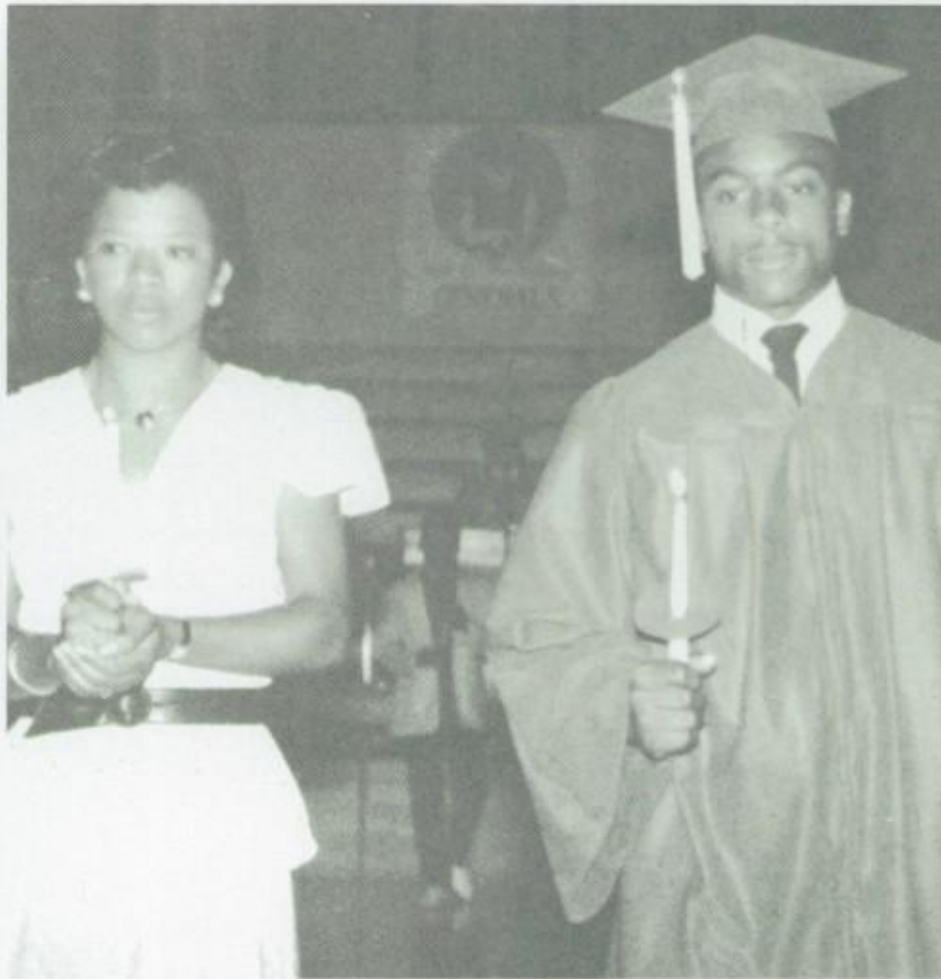

The Long Awaited Moments Have Arrived

Baccalaureate and graduation are special moments for which the seniors have anxiously awaited since enrollment. Baccalaureate service is highlighted by a candlelighting ceremony where the strength and spirit of the senior class is passed on to an underclassman who is charged with carrying on the tradition. After baccalaureate comes graduation and that long walk down that special aisle, reserved just for our seniors on their special day. It is the walk from being a high school student where responsibility is learned to one of being a young adult charged with accepting responsibility for one's own life and behavior. It is truly the beginning of the "rest of our lives."

An Emotional Farewell. Co-Valedictorians Paula Clark and Beth Williams give their final address.

Jerry Howell and Tracey Foster participate in the candlelighting ceremony which is a tradition at W.C.H.S.

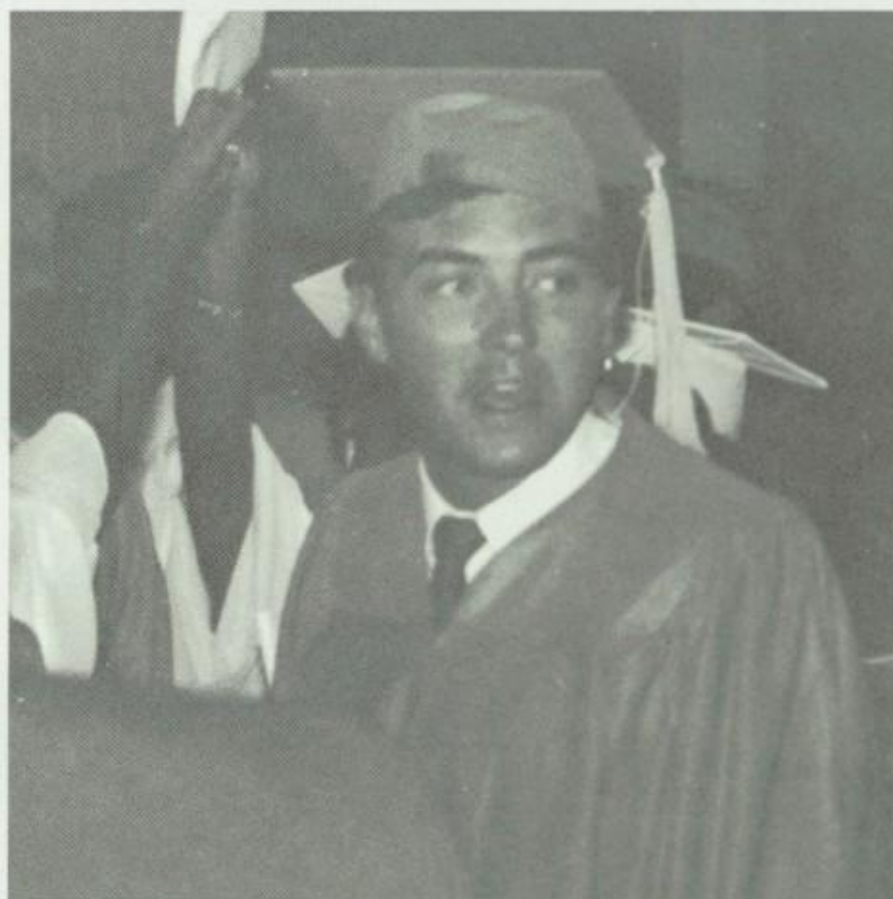

Friends Rochelle Crews and Johnny Younger take that final walk together.

Tracey Hughes, Dale Gilliam, and Tracey Hudgens are happy that the ceremony has ended.

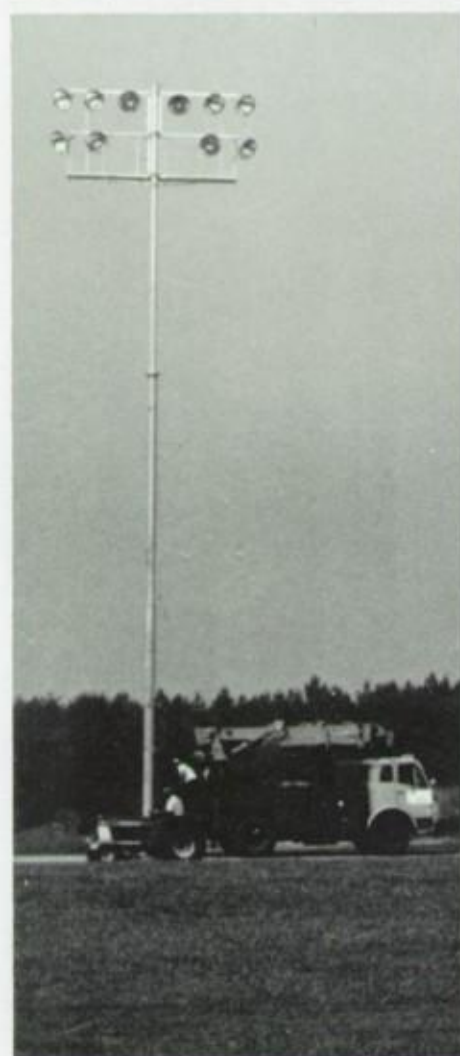

Some teachers just never give up! Mr. Kenneth Booth appears to hold Terry Connelly upright by his tassel.

Peri Pursley shows the winning smile that made W.C.H.S. brighter.

PARTY TIME!! Burke Payne is in search of the graduation party crew.

New baseball dugouts were a top priority on the project's list. These men saw the task completed for the season opener.

New lights were installed during the summer to make sure our field is well lit.

People like Gary Colbert worked very hard to make our new facilities complete.

Heave-Ho. Principal James Peak spent untold hours making sure that our stadium would be ready for our season opener with Brookville.

Ah—summer fun. Even the summer heat didn't delay the construction of new stands.

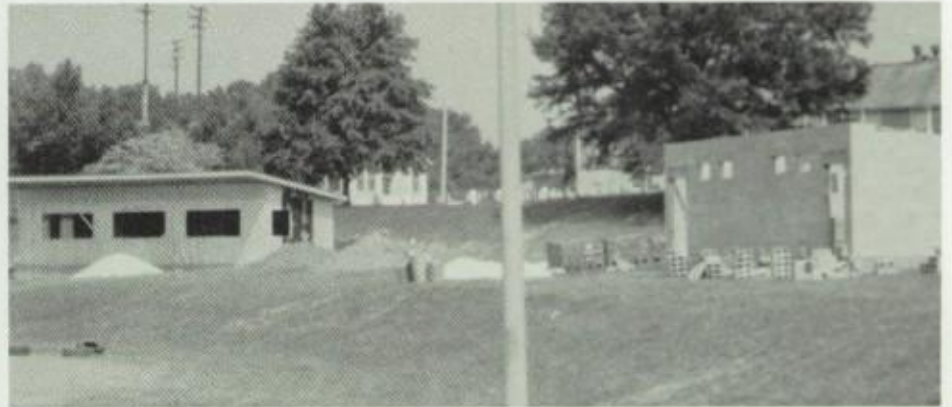

PEOPLE NOTICE ...

Our New Facilities

Yes, General fans, we finally have outdoor facilities second to none in our area. And yes, regional games can now be played at home. How did all this come to be? With much hard work and community pride.

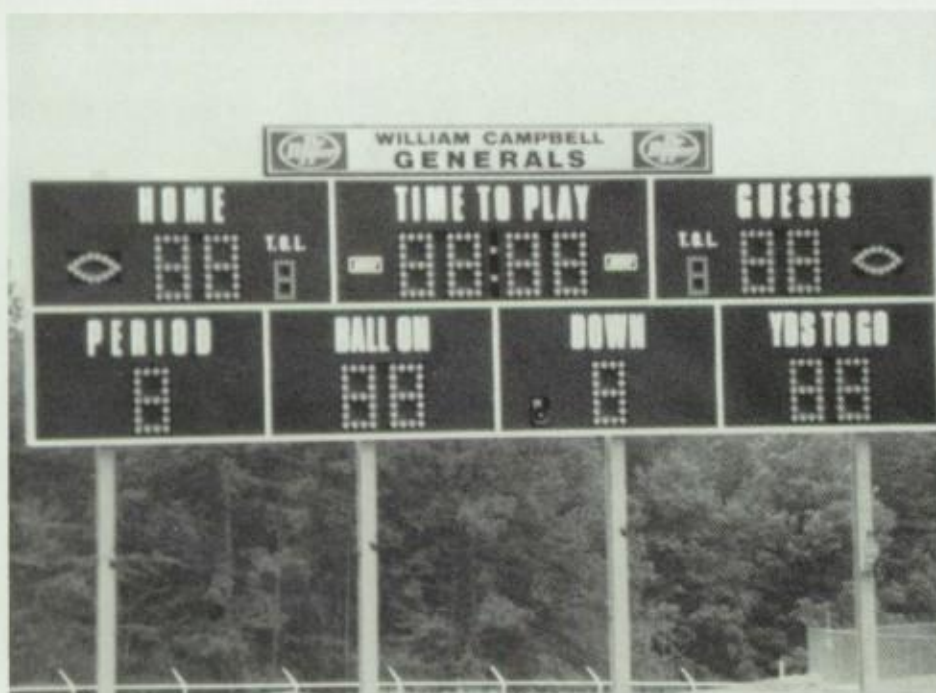

Once the Campbell County Board of Supervisors voted to provide seating, lighting, and fencing equal to that of the other county high schools we were on our way. A committee made up of local interested people met and decided the needs of our school and fundraising began in earnest. Beginning with work on the baseball and softball fields and continuing throughout the spring and summer months, people worked hard on everything from fundraising to actual labor to see that our facilities would be completed by the 1986-87 school year.

Yes, General fans, we do have the spirit, and we are #1.

New concession stand and restroom facilities are "added attractions."

Visiting Brookville cheerleaders look at our new facilities while awaiting game time.

A new scoreboard is ready and waiting for the points scored by the "Mighty Generals."

Project Chairman, Ted Hunt, hands over the new facility to Principal James Peak while dignitaries look on.

A Summer for Memories

A vacation is the high point of the summer for many students at William Campbell. Students participate in a variety of experiences which are both fun and educational in nature.

One of the all time favorite vacations is a trip to the beach. The sun, surf, and fun make this vacation tops. Other students enjoy interaction with nature and revel at testing their independence and survival skills. Several students from our school attended Boy Scout Camp during the summer. The participants were responsible for planning the trip, cooking meals, and learning safety and survival techniques. While at camp, the boys experienced competitions with other troops and met many new friends.

Still other students attend camps related to school activities. The cheerleaders attended cheer camp in June at Wake Forest University where they learned new cheers, chants, and spirit booster skits. They had to rise early and work hard during their stay but enjoyed the experience.

Robert Roakes found some time to whittle while camping with the Boy Scouts at Camp Powhatan this summer.

Dabney Phelps, Carington Connelly, and Leigh DeJarnette enjoy some conversation during a camping trip to Claytor Lake.

Jennifer Stevens smiles at the camera when she recalls the yearbook workshop she attended at Longwood College in June.

Rhonda Williams goes crazy while waiting for her summer vacation to begin.

Janet Logan and the cheerleaders practiced at school during the heat of summer.

Eventhough the sunsets of vacations will fade away, memories of summer fun and experiences will stay with us forever.

The beach is a favorite place for vacations. Christy Dickerson and Gina Williams practice scuba diving at San Salvador, Bahamas with other Magnet School participants.

A Sign of the Times

Many of our students are preparing themselves for the "real world" and getting the much needed experience by taking on the responsibility of a job. The variation of these responsibilities stretches from working in restaurants to volunteer work saving lives on the rescue squad.

It's not all work and no play though! Students and faculty participated in the Tobacco Festival held in Brookneal, September 13th. The fun and games ranged from being drenched in the dunking booths to watching the belly dancers shake all over.

At work or play, William Campbell students are always fashionably attired. In the late spring and summer, "Jams" and oversized T-shirts were being seen, along with the colorful friendship bracelets being worn on the arm or the ankle. As fall and winter approached, the big sweaters and big shirts with the paisley prints upon them were being worn with the long, straight skirts. The guys were sporting around in "Coca cola" sweatshirts and the ever popular "Reeboks." Both guys and girls had the "Swatch" watches strapped around their wrists, some even wore two! "Bobs" and "Fades" were among the more popular hair styles.

We may be small, but we've got big hearts and the closeness among the students and faculty at school, work, or play makes W.C. "special" and we stand out above the crowd!

"Go on ahead and try with your bad self . . . I dare you!" Senior Gina Williams patiently awaits for her next "stalker" to shoot her down at the Tobacco Festival, held in Brookneal this past fall.

Style has no class rank at W.C. Here stand senior Cynthia Poe and sophomore Kay Bradley modeling the latest styles.

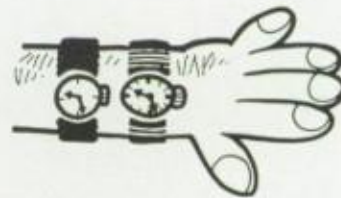

"Oh no, not again!" Junior Cathy Crews heads for the bottom of the dunking booth at the Tobacco Festival.

Casually laid back showing off the hottest fashions at W.C. are junior Tracie Garrett and seniors, Jennifer Stevens, Kim Smith and Christy Fariss.

A friendly smile will always keep customers coming. Senior Doris Roberts gives us an example of the winning pose while working at Big T.

There's always time for a perfect pose. Senior Deb Kirkland gets ready for another hard day at work.

...Academics

Cynthia Jackson has a look of confusion concerning her notes, "Ask Wilfred, Cynthia!"

Academics are a very important part of school life. It could be said that academics are the "yellow brick road to the future and success."

Academics are the courses that students take, both required and elective, to complete the credits necessary for high school graduation and to prepare for further education

or jobs.

Our staff is qualified and obviously does a good job, as our students are able to compete on an academic level with larger schools in the county. This is evidenced by the large number of students that pursue further educational opportunities.

Library and Guidance

The William Campbell library contains a collection of books, newspapers, and periodicals that the students use to gather information for reports, research papers, and, of course, personal enjoyment.

Our librarian, Mrs. Dee Dee Cox, is always willing to help in any way she can. She teaches classes on library skills so that students can know how to use the library to their optimum advantage. She is also charged with the task of keeping the school scrapbook. It contains newspaper clippings of the events that happen in and around William Campbell.

The guidance department at W.C.H.S. has been endowed with a very important task, that of helping to mold the minds and characters of the students. Only through careful and persistent guidance can the qualities of confidence, integrity, and leadership be attained.

The tasks of the guidance department include checking daily on absentees, helping students with personal and academic problems, and scheduling students for next year's classes.

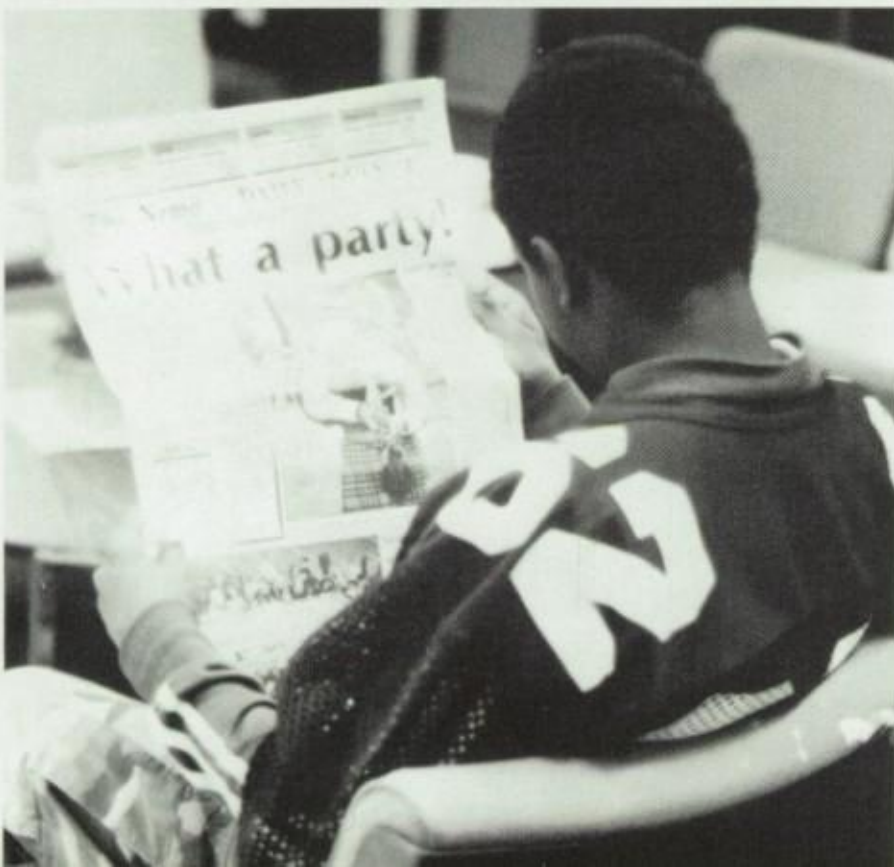

Steve Wilson seems to be thoroughly enjoying the school scrapbook. The scrapbook helps students to recall many memories of the school years — past and present.

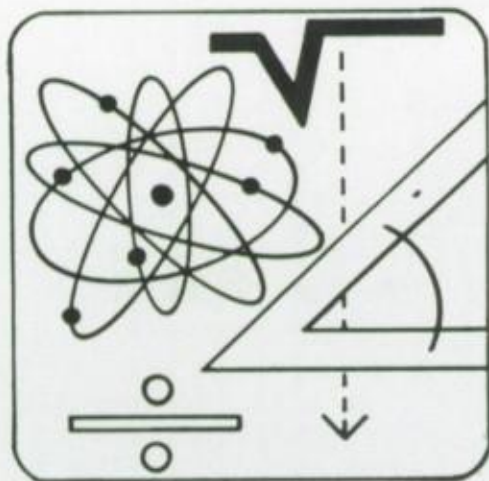

Dana Hamlette finds that we are very fortunate to have someone like Mr. Frazier Sizemore, our guidance counselor, to take a personal interest in us.

Mrs. Shirley Cheatam keeps herself busy answering the many calls that come through the guidance office each day. She also makes calls to the homes of absent students.

Charles Nowlin uses his time in the library to keep informed about community events such as the Lynchburg Bicentennial which was celebrated this year.

Math At William Campbell

In our daily lives math is used constantly. Therefore, an understanding of basic principles is a major requirement for success in today's world. Here at WCHS, students who wish to further their knowledge in this field may choose from a variety of math

courses. These include general math, algebra, geometry, and, for the more advanced students, calculus and math analysis. If students are willing to apply themselves, they can gain the necessary knowledge and skills to insure success in the future.

"Yes, you do have a homework assignment," Mrs. Ramsey seems to be saying.

Miss Talley is helping her seniors with some of their advanced math problems.

How industrious we are! These students have learned that persistence pays off in geometry class.

Computer Enrollment is Up

In today's world, computer literacy is fast becoming a "must." Not only are computers used for business; but, also for entertainment purposes.

Because of the efficiency that computers afford and their myriad uses, they have become an almost indispensable element to our high tech world and our homes.

The addition of computer

classes to the curriculum at William Campbell has proven to be a real bonus for students. It is a very popular course which shows an increasing enrollment each year. During the year, students progress in their knowledge of computers from a basic understanding of operational techniques to the more advanced programming skills.

It is said that two heads are better than one, so Ann Douglas and Cathy Crews team up to give the old adage a test.

Mrs. Justice's second period class is working hard to complete an assignment.

But it does! Sherry Tucker is trying to convince Mrs. Justice that the computer has a mind of its own.

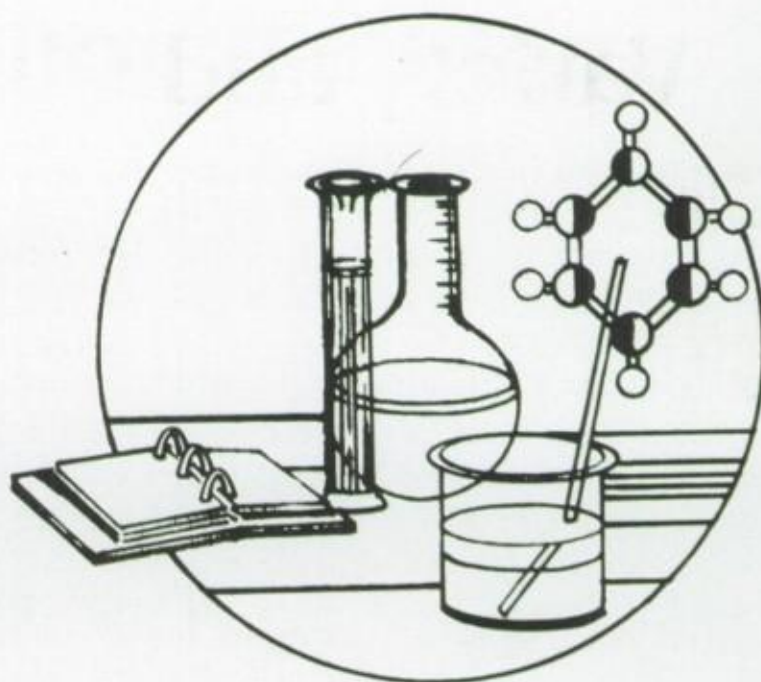

Science And P.E. Offer

Sciences stimulate the imagination and challenge the intelligence of students. For the interested students, science classes will be studying everything from the atoms to the infinity of the universe.

The science courses offered at WCHS include earth and space science, biology, advanced biology, chemistry, and advanced chemistry. Well equipped laboratories, well trained teachers, and industrious students with a desire to learn are important factors for the steady advance in the field of science.

Physical activity is an important part of every person's life. During the year at William Campbell, the gym classes are involved in a variety of different activities such as basketball, aerobics, and volleyball.

Physical education is not all fun and games. Students are required to take first-aid and the sophomores take drivers' education. Drivers' education is a course that students eagerly anticipate because it prepares them for getting their drivers' licenses.

Carolyn Mann and Charlotte Broggin are working hard to identify minerals in their science lab.

The breakfast of champions is needed to do pushups. Leigh DeJarnette, Bryant Hamlor, and Carrington Connelly are wondering if maybe a second bowl would have helped!

Variety and Challenge

Thomas Graves is getting ready to take his best shot.

Rodney Fore seems to be lost in thought while other class members seem to have lost the thought during Mrs. Cornelison's biology class.

Christy Dickerson and Dale Clowdis seem to find advanced biology a little more serious than Lisa DeJarnette and Doris Roberts.

A Well-Rounded Program is Emphasized in English

Mrs. Woodell helps Carolyn Mann reinforce her English skills.

Because of its vital importance in the lives of each individual, English is a required course throughout high school. To have students learn to speak, read, and write correctly and effectively is the purpose of the English classes at WCHS. Course offerings include regular as well as advanced English classes.

The students' writing and speaking were constantly improved through oral drills, class assignments, and themes. In literature classes, students gained an appreciation of reading by studying the works of the world's famous authors.

"What are you doing in my class?" says Mrs. Wallace.

Foreign Languages Help Us To Better Understand Our World

Latin and French are the foreign languages offered at WCHS. In addition to studying translations, Latin students studied about the Roman culture and learned English derivations of Latin words. A highlight of the class is when students dress in traditional Roman clothing.

French students learned vocabulary, translations, grammar and punctuation, traditions, and the uses of a modern language for international communications.

The learning of these languages was an enjoyable experience for those students willing to accept the responsibility for the study of them.

Matt Tibbs and Anna Smith work hard in Latin.

Mrs. Bateman helps Michelle Colbert work the tape recorder.

Students Express Their Creativity in . . .

Although the William Campbell High School band is small, it is composed of talented, dedicated students striving to represent their school in a positive way. These students' endeavors were highly appreciated, and it is hoped that qualified students will continue to join the band.

This year, the band performed during half time at all home football games. Supporters were proud to note that the size of the band grew each week and the quality of the music also improved. When asked why the band was growing, a member stated, "Miss Conner cares and she's fun." Perhaps that says it all.

What is art? Art is the skill in performance, acquired by experience, study, or observation. Everyone has his own "artistic" ability. In Mrs. Pollard's art classes the students will touch on a little bit of everything. Starting the year off, art students made mini-posters with names in them. The names were created into a scene or into different objects to give the posters an abstract illusion. Following this, with Halloween just around the corner, the students made masks. Some students made exact clones of their own faces, others designed masks out of papier mâché. Later they added paint to their sculptured mask.

Throughout the year, students are encouraged to create with different mediums. In the spring, the posters, masks, and works of art are judged and placed on exhibit for the students, faculty, and parents.

Our new band instructor, Miss Conner, is explaining fine points of music.

Mike Elder patiently awaits for his likeness to be made during art class.

Art student, Holly Hendricks, shows off her latest work of art during the Halloween season.

... Art and Music

The William Campbell marching band practices on the side of the field preparing to do the real thing at half time.

Band student, Julia Childress, plays the flute during band class.

Good practice records help Linda Gregory, Gerry Tanner, and Jeff Parsons be better musicians.

The William Campbell Pep Band was a real asset the homecoming pep rally.

The marching band awaits its turn on the football field.

Business and . . .

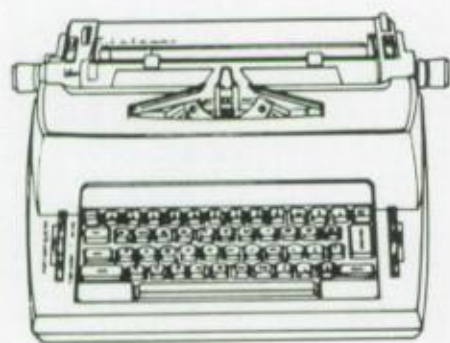

Lucy Elder is the president of V.I.C.A. (Vocational Industrial Clubs of America) and vice president of the state organization.

Mr. Goodman's first period general business class works hard while Treva Yuille and Randy Lovelace show off.

Golden Skillet is lucky to have two of our students, Kelly Francis and Timmy Waller, working here.

Industrial Cooperative Training

For those students who plan a career in the business world, the business classes and I.C.T. offer vital training. Some students further their education in college, while others enter business immediately after graduation from high school.

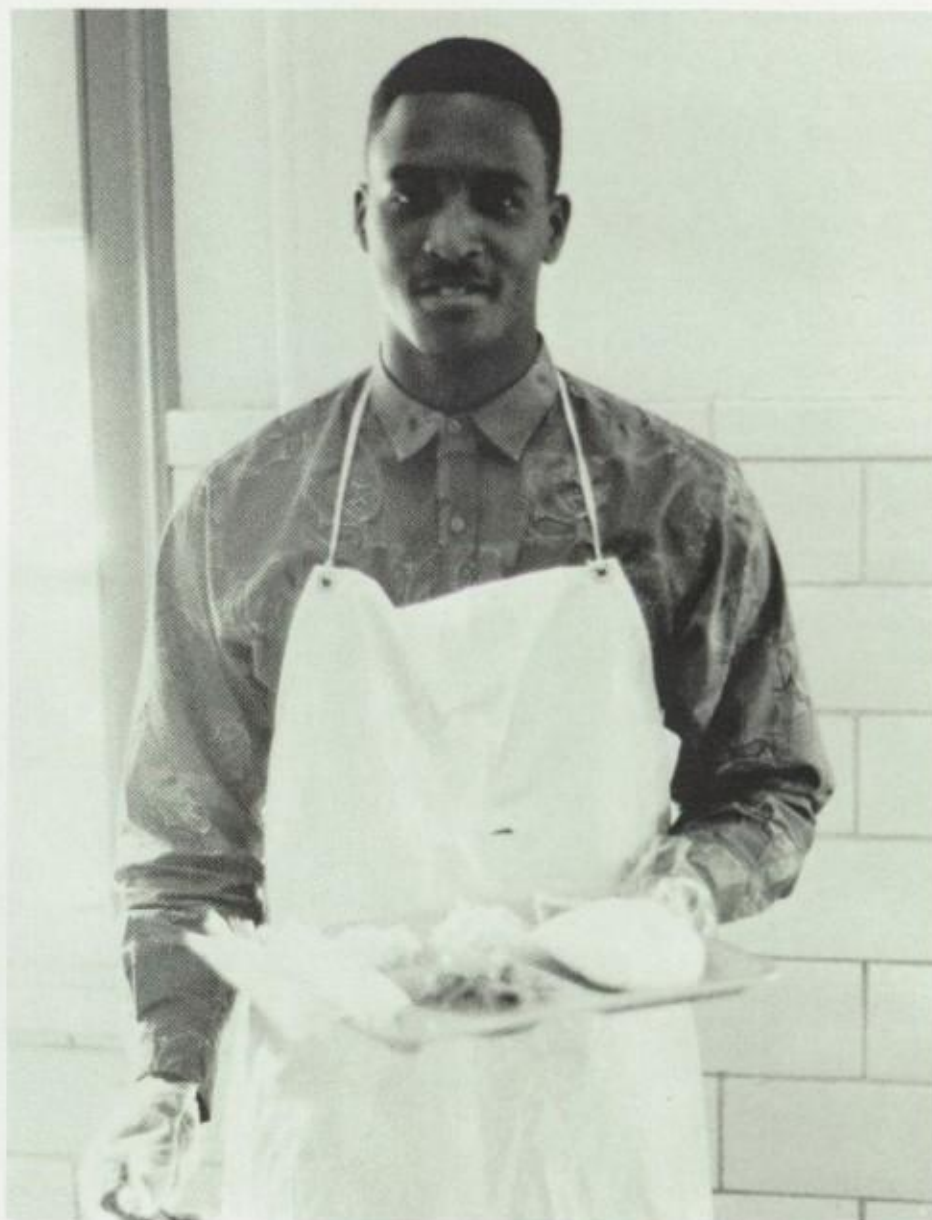

Business courses range from the operation of modern machines to the translation of shorthand. Economics and accounting are two very popular courses with the business minded students at W.C.H.S.

I.C.T. classes offer students training to help them establish goals. In class sessions, students discuss such items as advertising, salesmanship, interviews, and merchandising. These students receive a double bonus as they also receive on the job training to prepare them for a successful career in the working world.

Mrs. Riddle is the sponsor of F.B.L.A. (Future Business Leaders of America) and teaches business courses.

Using skills learned at Hard-ees, James Foreman works in the cafeteria.

Mr. Hardison's first period I.C.T. class is full of hardworking business leaders and a clown every once in a while.

Even a mundane chore can be made enjoyable if you follow Lil Elder's example and have a pleasant attitude.

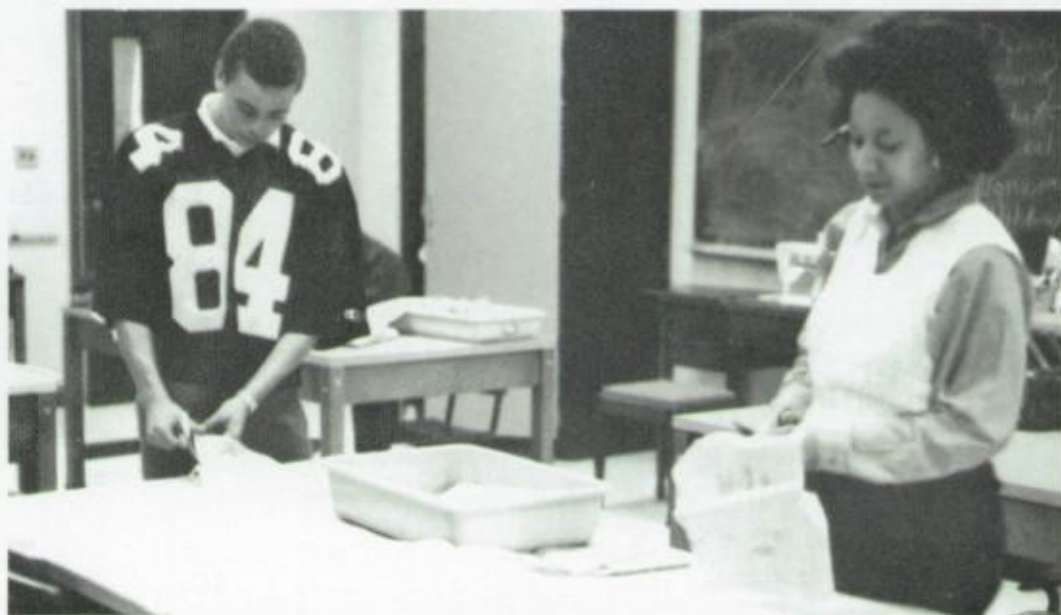

Preparing for Tomorrow...

Life management classes stress home and family living as well as consumer and personal development. These classes offer a wide range of experiences which can result in maturity, responsibility, and preparation for life.

Time management, consumer education, personal growth and development, and family relationships are developed through projects, garment construction, food preparation, lectures, and class participation.

While the elective of "Home Ec. classes" is being phased out in most of Campbell County's high schools, it is a popular elective here at William Campbell High School.

Rodney Fore and Ms. Marzetta Hodnett are hard at work preparing a pattern for sewing class.

Marvena Moorman dices potatoes while Pauline Lockett checks the recipe.

"I never knew slicing bananas could be such fun." Tammy Beverly is busy preparing a fruit salad.

Treva Yuille's facial expression indicates that he may have found something "GOOOOOD" in the refrigerator.

Corey Laprade knows that cleaning up and storing dishes is an important part of cooking class.

Science Application is Emphasized in Agriculture

Vocational Agriculture classes offer students a wide variety of training in the agriculture sciences, mechanics, and leadership. Emphasis is given in the preparation for careers in production, agriculture as a farmer, agriculture businesses in supplying and serving the farmer, and in the marketing of agriculture products.

Through the study of varied phases of science and farm management in the classroom and the use of supervised programs, students become better acquainted with work in agriculture. Classroom instruction in mechanics and putting this to use in the school shop helps students to acquire mechanical skills for future use. Leadership training is given to students and the FFA organization offers them the opportunity to practice proper procedures.

A natural outgrowth of these classes is the competition in agriculture related activities such as forestry and crop judging. William Campbell students have done very well in these areas.

Mr. Puckett is showing Paul Mayhew the correct way to saw a plank.

Don Phelps, Leif Exerson and Eric Holland are practicing correct techniques for filing wood.

Chuck Gehman seems to be concerned that he and friends Mike Gregory, Kevin Anderson, and Mike Roach were caught taking a break.

Loretta Johnson is perfecting use of the vibrating sander in agriculture class.

Studying the Past to Prepare for the Future

Treva Yuille, Jerry Rouse, and Chris Thurman look interested in what they're learning.

We gain from the exploration of the past the knowledge that helps us to better understand and appreciate the present. This not only makes well rounded students but good citizens as well.

The courses offered in social studies at WCHS are world history, Virginia and U.S. History, and government. To further stimulate interest in classes, films are shown, class projects are assigned, and field trips are taken. Each year the seniors travel to Rustburg to see our democratic process in action when they attend a court session.

After graduation, the students who had the foresight to build a good foundation on the knowledge of the past and present will be the ones most likely to understand and succeed in the future.

Renee Hamlett takes a moment to double check some important notes.

Mr. Ken Booth is getting involved in his history as students watch.

From the look on Mr. Ronnie Cox's face, it seems that he enjoys his history students.

Mrs. Jennings seems to be telling Mrs. Douglas that school is no place for scarecrows.

This 'n That

Vampire Craig Hanson adjusts his teeth as he gets ready for the Halloween contest, sponsored by the Pep Club for elementary students.

And it was! The Generals defeated arch rival Rustburg 15-14 bringing the Devil's undefeated season to an abrupt halt.

The "Lockerness Monster" from William Campbell.

What's this — the Super Bowl Shuffle? No, it's just the "Penoza Prance."

... *People*

Thirty nine individuals make up the administration and support staff at William Campbell high School. They are an important chapter in our story. In many ways, their lives are much like that of the student body. Some

coach, participate in sports, and many attend night school. And, like the students, most are ready for Friday to roll around so they can "let their hair down and relax."

Coaches Ronnie Cox and Karl Koenig step into the action of a football game.

How Does It Feel To Be A Senior?

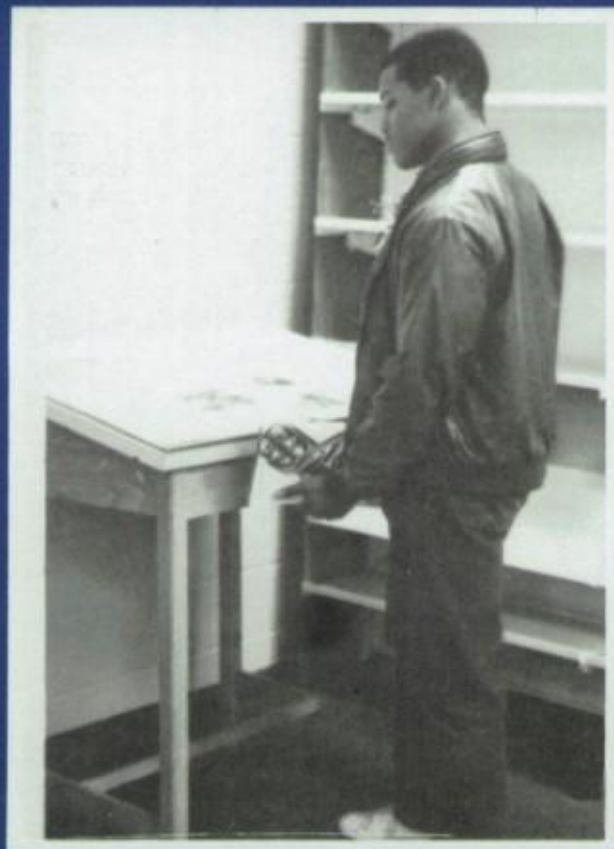

SENIOR! Isn't it funny how no one likes that word until he is one? Of course, there are good reasons. First of all, it means only having one more year of high school. Then there's the fact that seniors go to lunch a little earlier than everyone else. But, how does it feel to be a senior? Well, that can be a little difficult to answer.

As a senior, you start the school year as everyone else except you're not coming back. This one exception can cause a lot of mixed feelings. The last year of high school is a special one. It is a student's last chance to be a true kid. You want to cram a lot of fun and happy times into those nine months. You want college and jobs to wait just a little longer before they grab you and assign you a seat. You want to be older before taking such responsibilities. You want to run up the halls and jump on a friend's back while you scream something mean to the tiny, terrified freshman that just came into sight.

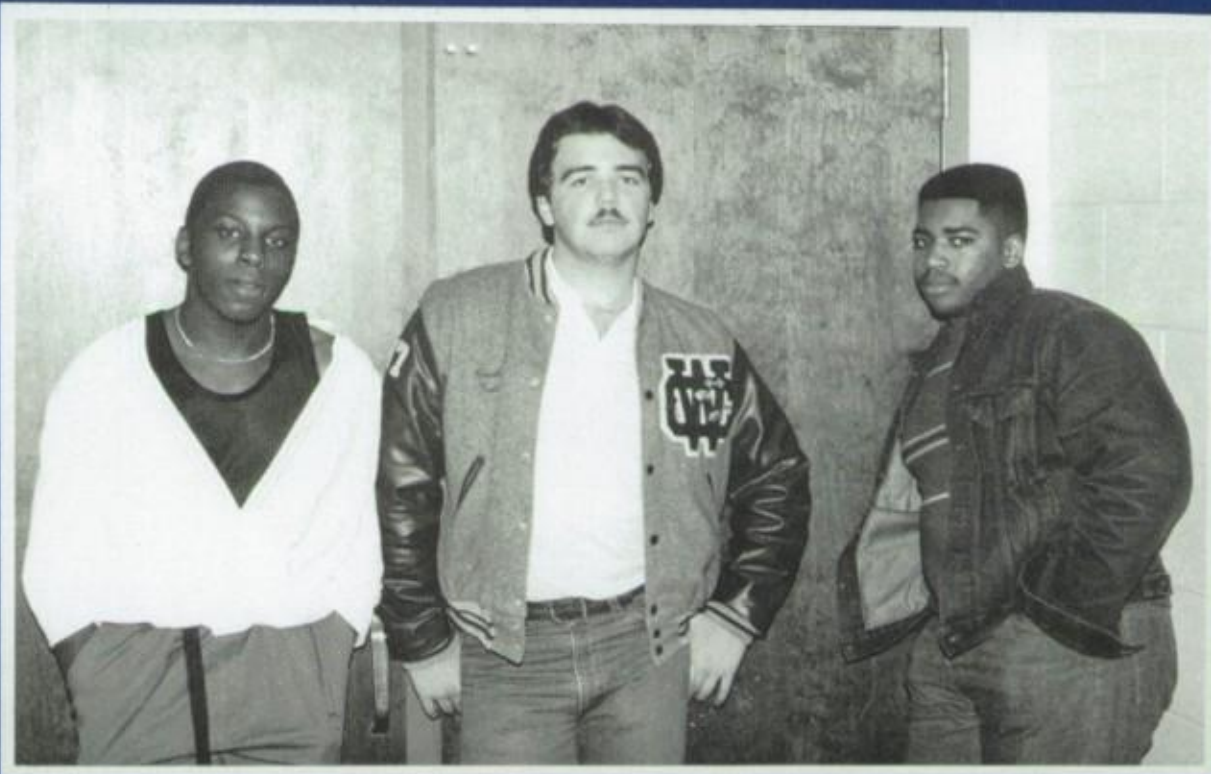

Deep down inside, a senior wants each day to take its time going by. There's too much fun that has to be done.

"El Niño," drifting snows and sub-freezing temperatures combined to keep us out of school for seven days. Snow began in the early morning hours of January 22 and accumulated 12 inches. On Super Bowl Sunday, snow fell again bringing the total accumulation to 26 inches.

Juniors are Ready!

Maturity gained from school experiences has prepared the members to fill the shoes of the outgoing Senior Class. As always, the junior year was a busy, fun filled one which began with the arrival of class rings in October and continued through SAT's, sales projects to raise money for the prom, and last minute checks on the status of credits to make sure that next year will offer no surprises! All of these new experiences together with the regular routine prepared the juniors to take their place at the top.

Members of the Sophomore Class were asked several questions about their lifestyles in order that it might be determined what activities were of most interest to them. It was discovered that although we're from the same area, about the same age, and in the same grade, we are still individuals with different interests. Here are some of the responses to questions that we asked.

Q. What is your idea of a perfect evening?

A. Bobby Roberts — "My idea of a perfect date is to go walking around the Mall and then go out to a nice place to eat."

Loretta Johnson — "I would like to go to a concert and 'cruise' around."

Q. What is your favorite thing to do in class?

A. Matt Tibbs — "I like to goof off in class."

William Denton — "The thing I like to do in class is SLEEP!"

Q. What is your favorite type of music?

A. Jamey Epperson — "Rock and Roll all the way."

Willie Rouff — "Rap, Rap, Rap!"

Q. What is your favorite television program?

A. Anna Smith — "My favorite thing to watch on television is MIAMI VICE."

Wanda Martin — "My favorite television show is the BILL COSBY SHOW."

Q. What is your favorite place to vacation?

A. Julia Childress — "My favorite place to go for a vacation is the beach."

Steven Dawson — "I like to go camping for my vacation."

Frosh Must Adjust

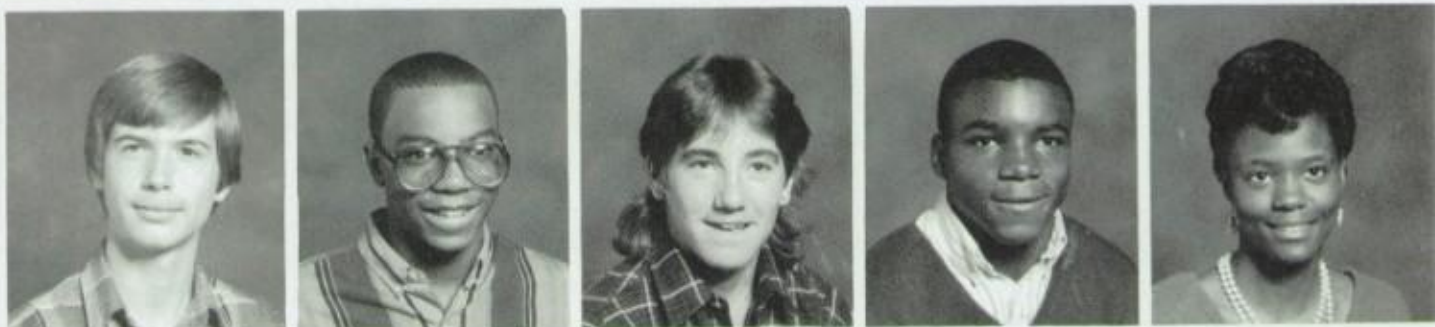

For the freshmen at W.C.H.S., the story is just beginning. The pages of our chapters are filled with dreams, excitement, new experiences, achievements, and adjustments.

It is a time of wondering about the future — How will we "measure up?" It is a time of savoring the "here and now" while filling away the many memories for later years. And, it is a time of learning to "go with the flow" — to adjust.

An Extension of Interest

Clubs are a very big part of student life at William Campbell. Many students are involved in a variety of clubs. A majority of the clubs provide its members with an opportunity to learn more about a specific area of interest. Different projects and fund-raisers are carried out by individual clubs depending on its needs.

This year the Pep Club was established to promote school spirit among students and help cheerleaders cheer the teams to victory. Members made posters weekly to promote upcoming games, bought "spirit shirts," and sat together in a reserved section at games.

Football Homecoming from the '50's to the '80's

THE ANNOUNCEMENT — Richard Woolridge is excited about his date being chosen queen.

THE CORONATION—S.C.A. President Dale Clowdis looks on as Principal James Peak adjusts the homecoming sash.

OUR QUEEN

Is that how people dressed "back then?" The homecoming crown was treated to memories of the past and a review of the present when class representatives and their escorts rode onto the field in automobiles from the 1950's through the 1980's. A further treat came when the girls and their escorts were introduced. Each was wearing clothing characteristic of one of the decades.

THERE SHE IS!! Homecoming queen for 1986, Miss Gina Williams.

The Royal Court

In her large shirt with abstract design, Lillian Elder and escort Rusty Guthrie represented the 1980's.

Senior attendant, Kim Smith represented the 1980's in her long skirt and baggy sweaters. She was escorted by Donnie Hanson.

The '70's were represented from the Junior Class by Tracie Garrett and her escort Shane Dickerson.

Sophomore attendant Tracey Clark and escort Lou DeJarnette portrayed the '60's in their "varsity" attire.

White socks and saddle shoes for girls and white socks and penny loafers for guys were the rage of the 1950's. Here the Freshman Class representative Cherie Mason and escort Andy Disher show them off.

... Sports

Being outside in spring is in itself exciting, but, add to that, the competition of spring sports and it is truly a fun time.

Activities in which students can participate include weightlifting, track, softball, and baseball. Among the many athletic achievements at W.C., the track team had overwhelming results in spring 1986. We were honored to have four boys and one girl qualify for the state finals held in Williamsburg in May of 1986.

Our weightlifting team is among the best, if not the best, in the district. This is evidenced by the many awards the "Buffalo Boys" amass.

The softball team was very inexperienced and did not have a particularly good record. In fact, as far as the record goes it was 1-17, but records don't tell everything. The team enjoyed playing, enjoyed each other, and gave coach Clark a lesson in "girls." Vince Lombardi once said that "winning isn't everything, it's the only thing." You're wrong, Coach Lombardi — effort, participation, and enjoyment rank first and the softball team proved it.

The 1986 baseball team coached by Ernie Seals and Barney Riddle showed a cohesiveness and team spirit that almost took them to the district tournament. The record stood at 12-8, and one player, Jamey Mason, received a college baseball scholarship.

Ah! Springtime

The award winning weightlifters: First row — Theodore Jackson, Waddell Jones, Chris Barley, Lee Mason. Second row — Donald Jones, Randy Lovelace, Ronald Ward, Chris Thurman, Jerry Rouse, Mike Grant, and Johnny Younger.

The W.C. Sluggers: First row — Eddie Greenway, Robbie Landsberger, Warren Smith, Willie Rouff, Scott Disher, Kevin Booker. Second row — Charles Jordan, Reggie Johnson, Carlton Jackson, Jerry Howell, Dwayne Dickerson, Chris Godsey. Third row — Rodney Staton, Jamey Mason, Barry Godsey, Barry Epperson, Eddie Fore, Howard Payne, and Rodney Barley.

The 1986 Generalettes: First row — Kathy St. John (scorekeeper) Tamatha Arendall, Tammy Wilson, Patricia Puckett, Tracey Hughes, Ann Callaham. Second row — Cathy Crews, Tracie Garrett, Christy Moorefield, Gina Williams, Beth Monroe, Tracey Clark, Michele Moorefield, and Dana Ridgeway.

Thanks to the UNION STAR

Umph! Cathy Crews is giving this base hit all she has.

Robbie Landsberger — "He do run run, he do run run."

Cinders will fly when our track team takes the field. Here pole vaulters Scott Deaner and Keith Jackson "ooh" as W.B. Bass "aahs".

The 1986 Track Team. First row — Thomas Smith, W.B. Bass, Johnny Younger, Greg Wilson, James Hamlette, Scott Deaner, and Frederick Wilson. Second row — Bennie Charlton, Thomas Graves, Michael Smith, Jerry Rouse, André Herndon, Lee Mason, George Peerman, Keith Jackson. Third row — Clarence Jones, Chris Thurman, Roy Jackson, Chris Barley, Waddell Jones, Randy Lovelace, Donald Jones, and Ronald Ward.

Shoot for Two - BIG BLUE!!

The girls' basketball cheerleaders from top to bottom are: Marcia Davidson, Tara Jones, Anna Smith, Christy Mosebrook, Julia Childress, Billie Johnson, Robbin Seals (mascot), and Leigh DeJarnette.

While the opponents look on with disbelief, Ann Callaham goes up for two points during a hard fought, yet unsuccessful, game with the Appomattox Raiders.

The cheerleaders take advantage of floor space to practice a half time routine.

Generalettes Ann Callaham, Tracey Clark, Cathy Crews, and Anne Froelich successfully put their defensive tactics to the test against Rustburg.

"I'll get you yet!" Matt Tibbs gives it all his might.

Golf is a new sport at William Campbell having only been played two years. Mr. James Hardison has coached the team both years. This year the team was comprised of eleven members who tried very hard for their school. Mr. Hardison feels that golf is an "up and coming" sport based on the improvements shown by individual team members this year.

Is cutting weeds a part-time job for Donnie Hanson?

"No, it's my part-time job to find all the balls that Donnie loses!" says Mrs. Hardison.

A junior varsity team is the first stage of a varsity team. It's from playing j.v. that one first learns the game. It gives a guy experience and preps him for the day when he finally makes it to the varsity team.

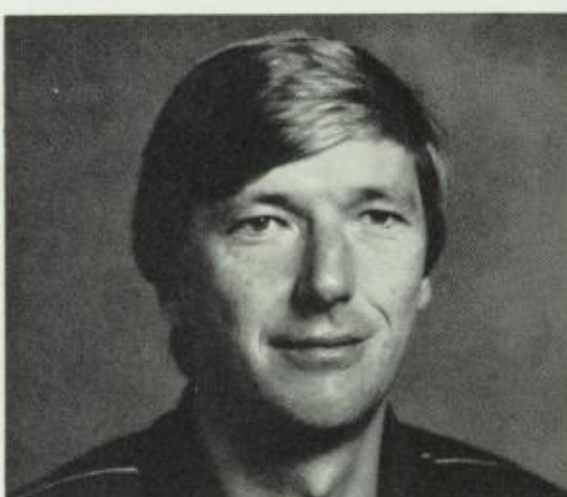

This year's junior varsity team possessed all of the qualities of a good team. They were eager, hardworking, and willing to learn. Coached by Rick Purcell, Jerry Rice, and David Elder, this year's junior varsity ended the season 2-6.

Tyrone Ward delivers the kickoff as Isaiah Payne prepares for defense.

Never Say Die

Although our football team got off to a slow start this year, it was soon evident that the team determination was overwhelming. Before we knew it, our practices were paying off and we were winning. In fact, we did so well that we were able to host Division II Regional Play-offs in our new stadium. The first play-off game saw us victorious for the second time over rival Rustburg, while the second game was a disappointing loss to Laurel Park.

Our Super Seniors! Standing: Vernard Coles, Waddell Jones, Ronald Ward, and Jerry Rouse. Kneeling: Robbie Landsberger, Bennie Charlton, Kenneth Reid, and Donald Jones.

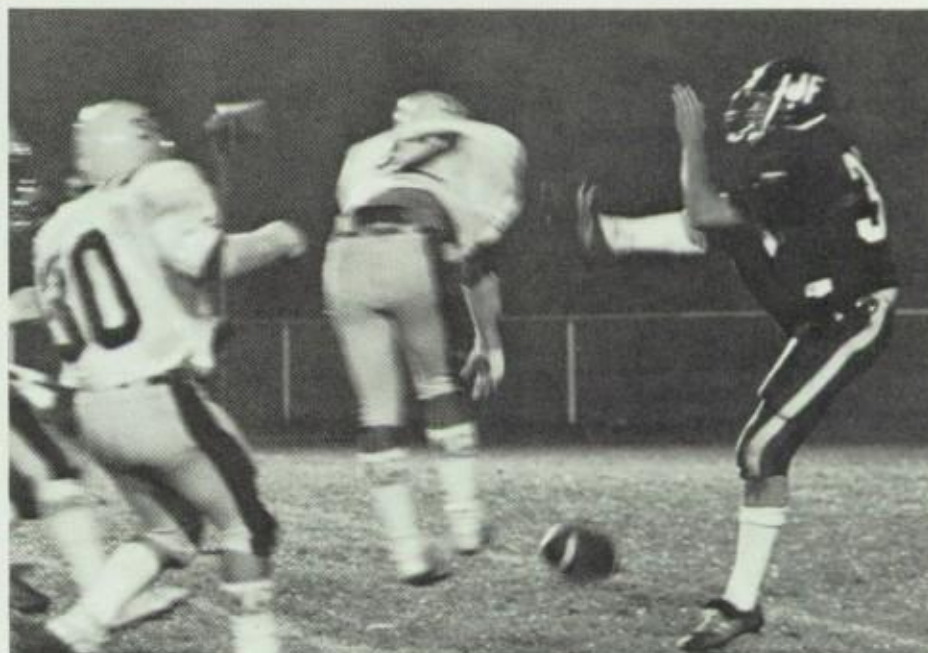

Coach Ronnie Cox gives the team some strategy that will be needed to score a second quarter touchdown against Rustburg.

Coach George Clark explains a blocking assignment to Lee Mason during the game against Liberty.

"SP - IR - IT . . . We've Got SPIRIT"

Most people think that cheerleading is all yelling and smiling, but they're wrong. Cheerleaders have to be able to move well in synchronization with others and be able to dance well.

This year's 1986-87 football, girls' and boys' basketball cheerleaders combined as one and attended a UCA cheerleading camp held at Wake Forest University in June. They were involved in four hard days of learning and practice, but they survived and enjoyed the experience. The squads brought home new cheers, stunts, dances, and chants to perform

for the crowds during the games at William Campbell. As a result of their hard work at camp, the cheerleaders received numerous blue ribbons as well as two red ribbons, a spirit stick, and a most improved ribbon for their efforts.

In addition to camp, the cheerleaders practiced many hours at home and at school to achieve their performance level. They have made up new material such as cheers and dance routines to update their performances this year and the crowds have noticed the improvement.

Football cheerleader captain Janet Logan arrives ready for the game with pom-poms and spirit signs in hand.

Even when it is cold, VICTORY is foremost in the minds of our cheerleaders.

The cheerleaders coax the crowd to "Yell Blue!"

The Varsity Football Cheerleaders: Mandy Moseley, top; second row — Dabney Phelps, Beverly Nash; Third row — Laura Cook, Shonda Lewis, Ann Douglas, Gina Williams, Tracey Foster; Bottom — Janet Logan, captain.

The varsity basketball cheerleaders take a few moments to playfully pose for the camera. They are, left to right, Ann Douglas, Leigh DeJarnette, Dabney Phelps, Tara Jones, Mandy Moseley, Cathy Crews, Bev Nash, and Tracey Foster.

Cheerleaders Bev Nash, Mandy Moseley, and Ann Douglas form the base of a stunt for Tara Jones and Cathy Crews.

The cheerleaders perform one of the cheers they learned at camp.

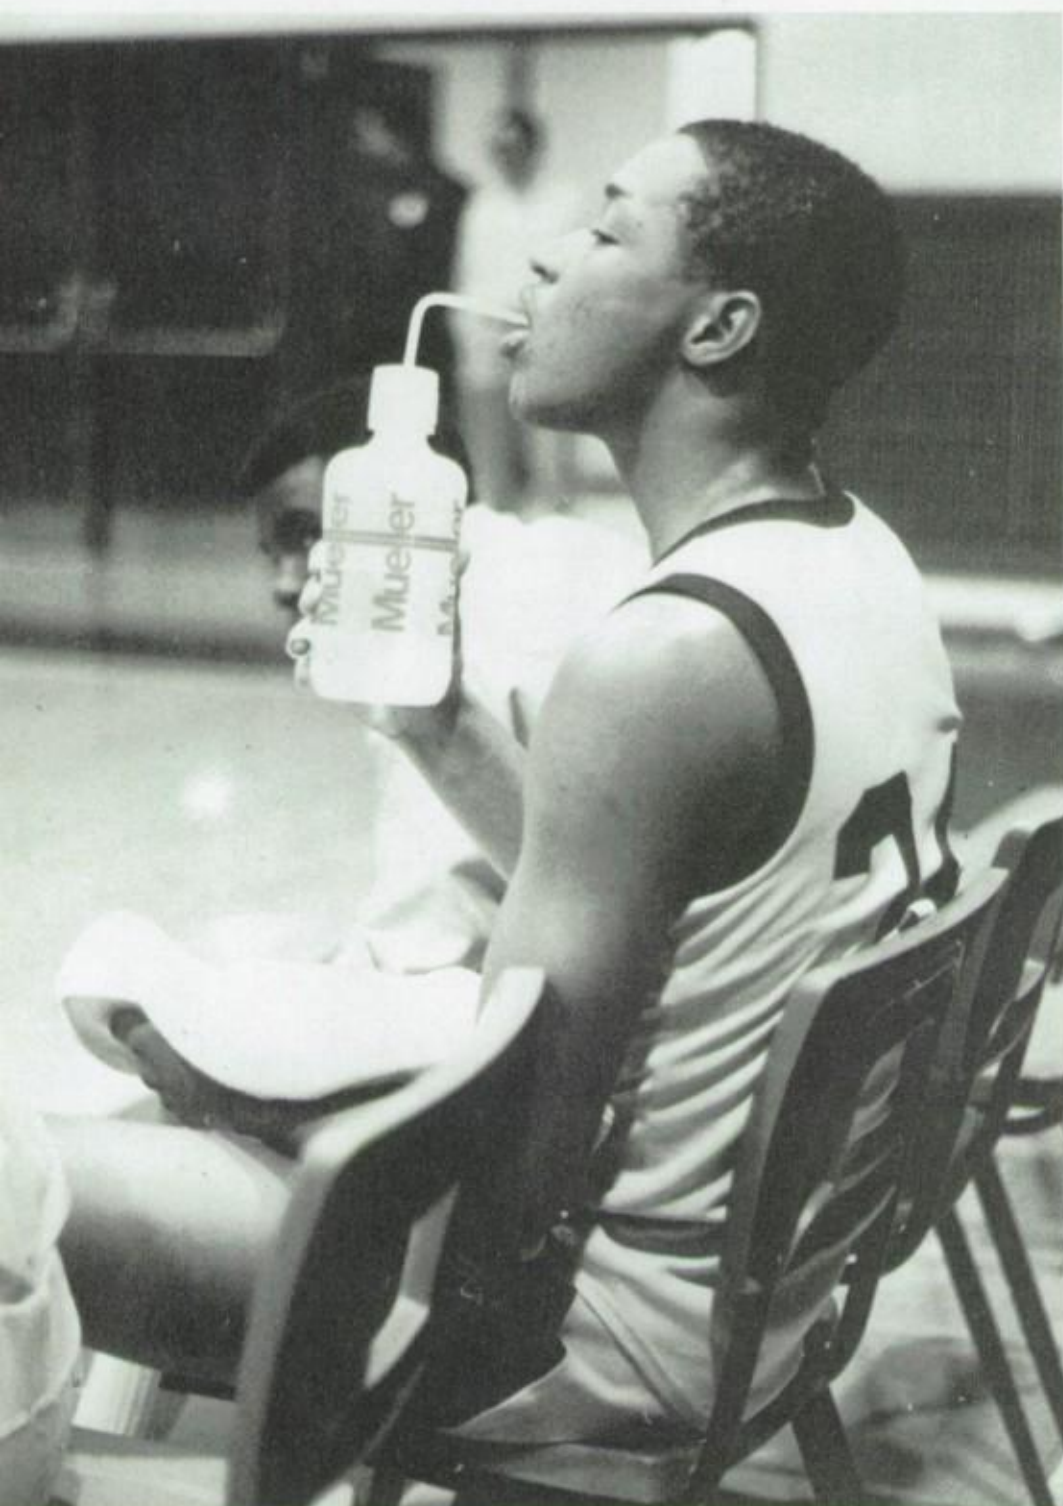

Our cheerleaders show that you don't have to be an Egyptian to make a pyramid!

J.V. Basketball - Just the Beginning

Perhaps the junior varsity basketball team is the personification of the adage "Experience is the best teacher." Few of the team members had ever had the experience of playing on an organized basketball team prior to this season.

Though the team didn't have a winning season, it never gave up and, as a result, learned skills that will benefit each player in the future. These newly acquired skills helped the team show steady improvement throughout the season and will make a more confident and skilled team next year. Who knows? Maybe some of these players will someday be playing college or professional basketball and we can look back and say, "I remember when . . ."

Help! Help! James Morris seems to be asking for some Generals to clear out the crowd of the opposing team members that are surrounding him.

Kevin Elliott takes a little time to replenish his body fluids during a game with Appomattox.

Coach Jerry Rice gives the team some strategy to use against

Bennie Charlton takes a clear shot while Donald Jones holds off the opponents and Treva Yuille watches.

The jubilant Generals celebrate their victory over Jefferson Forest.

Treva Yuille shows a Jefferson Forest player how to make a nice layup.

Blocked shots sometimes happen, don't they Donald?

Sherry Tucker goes down to set the ball to the front line players.

Excitement and happiness are evident on the faces of the players after they defeated Appomattox 15-11 and 15-12.

Teresa Roark obviously thinks that helping to take down equipment is not too bad a chore!

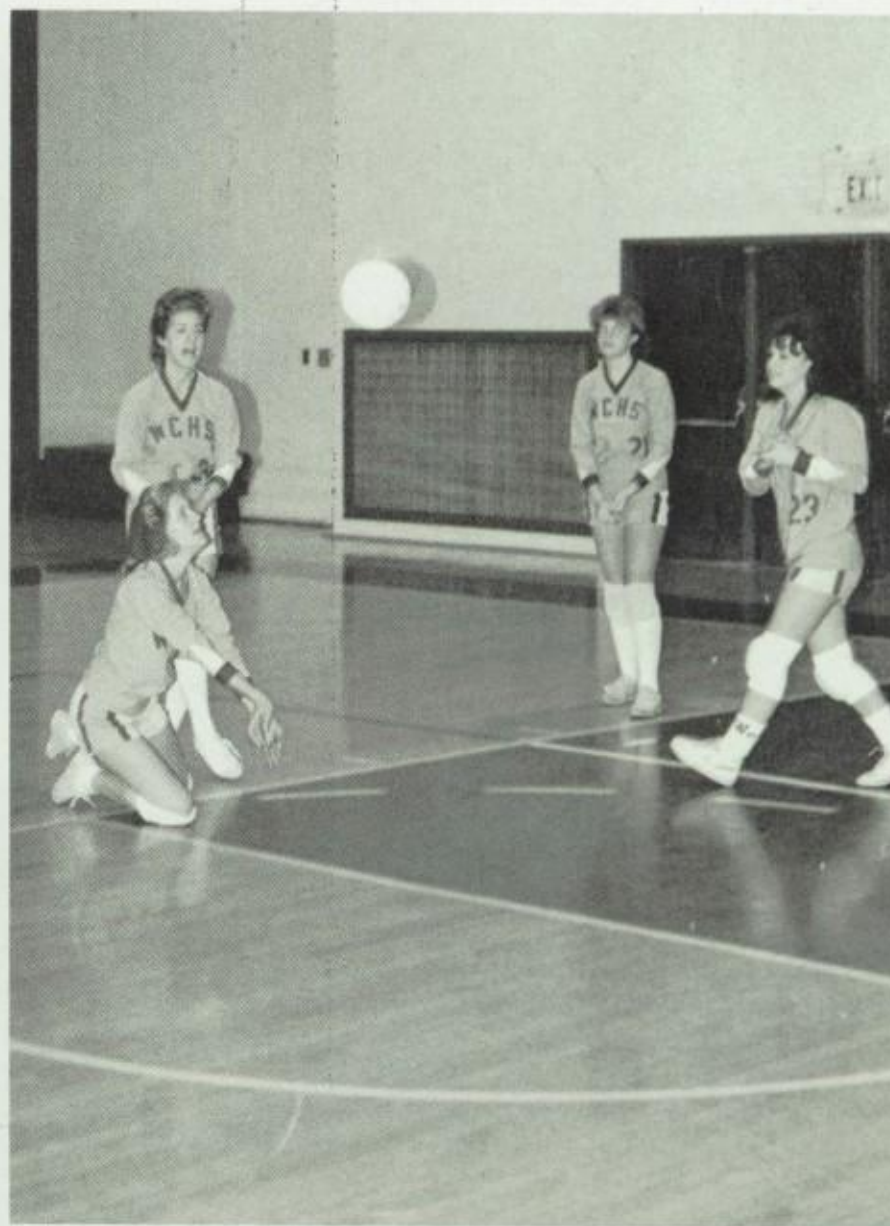

Strawberries, Knee Pads, and Teamwork

Volleyball is a sport which conjures many images in the mind. These images range from beach or backyard matches to the serious "floor hitting" olympic style. The 1987 team at William Campbell fell somewhere between the types of volleyball played. Spectators who thought that volleyball was a "soft" sport soon had their minds changed as strawberries and bruises don't lie!

This year's record was 3-5 which was better than the three previous years that the sport has been played at our school. Our team missed post season play by only one match.

Coach Beth Roakes gives some pointers to our players during a successful game against Rustburg.

Gina Clark, Judy St. John, and Teresa Roark practice bumping.

Gina Clark gives encouragement to Anne Froelich as she prepares to meet the ball during an important practice.

Tracey Clark is ready to assist Ann Callaham in her effort to return the ball.

... *Achievement*

Throughout the school year, students at William Campbell High School have received recognition in many areas. As each student was bestowed an honor, pride was felt by the entire school family and community.

The challenges found at W.C.H.S. were not only undertakings for academic excellence but, also, yearnings for merit in achievement, fellowship, and service. Seniors will leave having completed an important phase in their lives and a chapter in our school history while the underclassmen will continue to maintain a tradition of excellence. This desire to be tops is evidenced by the many awards that William Campbell students achieve in spite of, or perhaps because of, our size and location.

This year's DAR Good Citizen Award was presented to Dale Clowdis by the local Red Hill Chapter of the Daughters of the American Revolution.

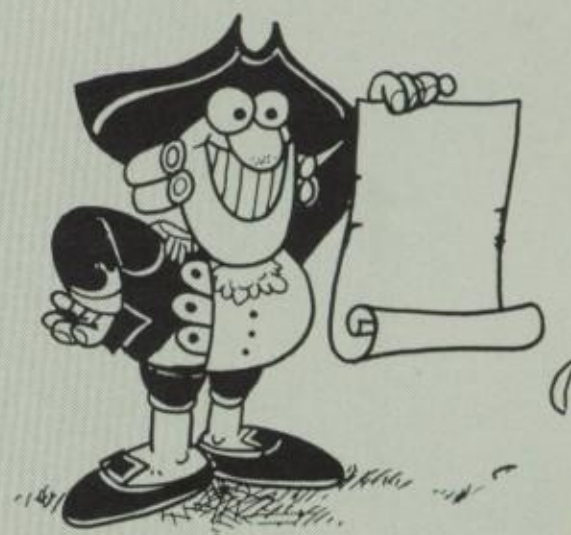

WE'RE PROUD OF YOU! Students completing their high school years with a "B" average or better are: Front row — Ann Callahan, Dana Davis, Lisa DeJarnette, Nina Scott, Elizabeth Howard, Michelle Kindley. Second row — Robbie Landsberger, Gina Williams, Janet Logan, Kim Kerr, Christy Dickerson, Laura Cook. Third Row — Dale Clowdis, Darry Whitesell, Charles Stevens, Roy Sage, Dennis Elder, and Paul Mayhew.

Crème de la Crème

CONGRATULATIONS. We salute our top graduates (listed alphabetically) of the 1986-87 school year and their families. We take pride in your dedication and accomplish-

ments. Each of you has demonstrated a desire to achieve and to do your best in true "General Quality." Best wishes to you all, you will be missed.

and Notable Achievements

1986-87 was a very successful year for students belonging to William Campbell FFA Chapter Forestry Judging Teams. In October, a team composed of W.B. Bass, Charles Stevens, and Dwayne Dickerson placed 3rd. in the state. The junior team composed of Hugh E. Williams, Kevin Anderson, and Ryan Williams won the 19 county area contest.

In November, a forestry judging team composed of Darryl Whitesell, Faron Scott, and former W.C. student John Shorter traveled to Kansas City, Missouri to compete on the national level. While there, the team walked away with a Bronze Emblem rating and 16th. place. An individual silver award was presented to Darryl Whitesell and Faron Scott received a bronze.

3rd. Place State Forestry Judging Team. 1st. row — W.B. Bass, Charles Stevens, and Dwayne Dickerson. 2nd. row — Mr. J.D. Puckett, advisor.

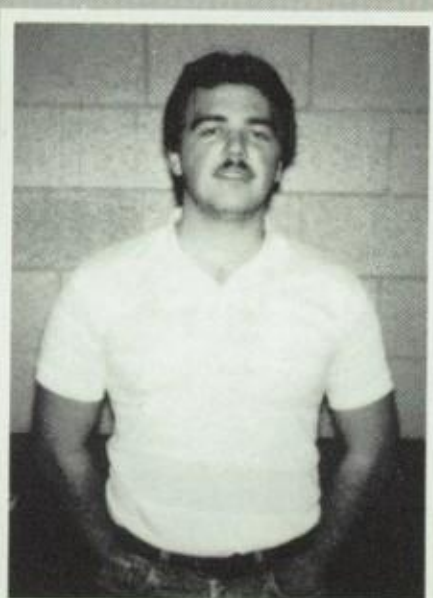

W.B. Bass placed 2nd. in the area tractor driving contest in October.

Students Enjoy One-Act Play

On November 7, 1986, the students at William Campbell were treated to a play directed by Miss Beverly Jones, English teacher. The play was also presented on November 8, 1986, at Rustburg High School as part of the district play festival competition.

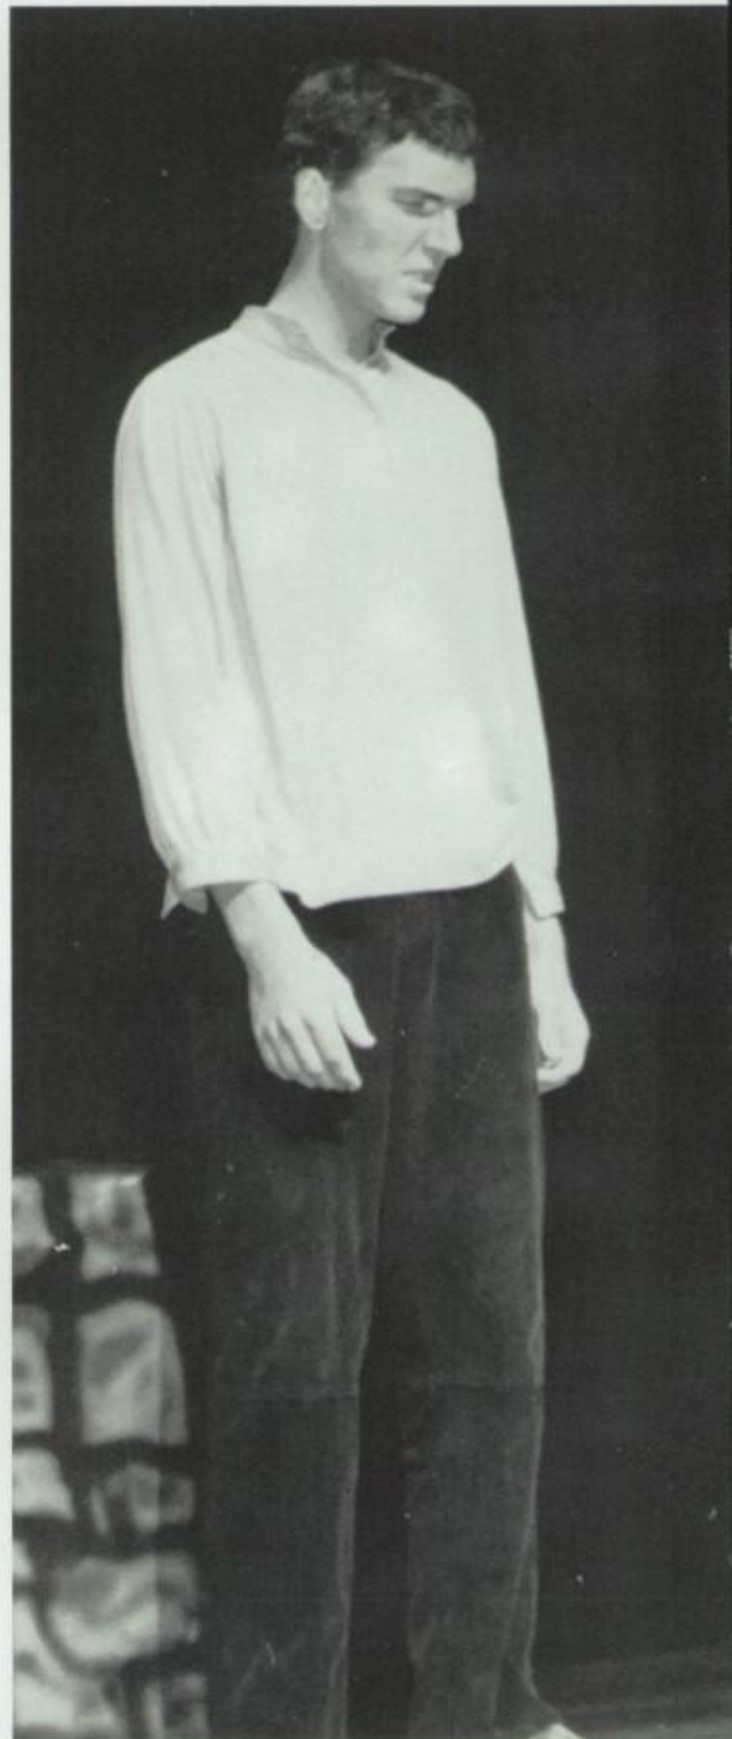

"Sunday Costs Five Pesos" is a romantic comedy set in Mexico. The plot revolves around a jealous girl who quarrels with her fiancé over his flirting with another girl. To win Fidel (Dale Clowdis) back, Berta (Sherry Tucker) pretends to fall down a well. The plot goes well until Celestina (Christy Fariss) shows up and Fidel learns that he has been tricked. As the saying goes, "All is well that ends well." Fidel and Berta eventually make up and decide to marry.

Support performances in the play were given by Wanda Hubbard who played Tonia and Lisa DeJarnette who played Salome. The main technical staff was composed of Charlotte Jennings, Kelli Martin, Tammy Jones, and Christy Mosebrook.

The best plans sometimes come when opposing teams agree! Here Berta is asking Salome what can be done to get Fidel back.

Cast Picture — Standing: Dale Clowdis and Sherry Tucker. Seated: Left to right — Lisa DeJarnette, Wanda Hubbard, and Christy Fariss.

"You were flirting with Celestina last night!"

Berta seems to be shocked at Salome's suggestion that she "pretend" to fall down the well, while Tonia thinks the idea is beyond belief.

Berta makes Fidel grovel before she agrees to go away with him to Topo Grande.

"Poor darling, she's drowned!" Salome gives a convincing, tearful account of Berta's whereabouts.

To William Campbell High School Students & Community:

It is with pleasure that the journalism classes of 1986-87 present *The General* to you. Journalism has been a new experience for me, and I wish to thank all of you for your cooperation and support.

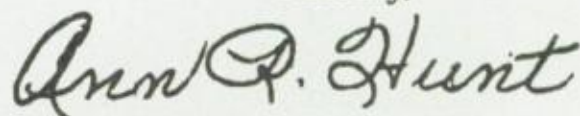

To the experienced journalism students, I appreciate your willingness to accept responsibility for not only putting together a fine yearbook; but also for helping first year students and me. To the first year students, thanks for your patience and desire to learn. I have had a heart full of rewards from this first year's experiences.

To the student body of William Campbell High School, it is my wish that you realize that our school is not buildings or grounds; but, rather, the spirit of students both past and present — the love, compassion, the giving and the desire to excel. All of the students of the past are part of the school as you will always be. I hope that you will carry fond memories of your years at W.C.H.S. as they make an important chapter in the story of your life. For, just as surely this school has left its mark for good or bad on you, so have you left your mark on it.

And finally, to our supporters, this yearbook could not have been produced without you. I realize this has been a BIG year for donations with the new facilities and other projects, but you dug a little deeper for us. Thanks.

The yearbook is one facet of school life that knows no boundaries — it serves all students, so I am very happy that you saw this value and continued your support.

Fondly,

A handwritten signature in cursive script that reads "Ann R. Hunt". The signature is fluid and elegant, with the first letters of each word being capitalized and prominent.

Ann R. Hunt, Advisor

What Can We Say?

The End.
